M.S. in Business and Technology Management Feb 2024 – Aug 2026

- Advisor: Prof. Jihee Kim
- Thesis: *Small-Business Sales Dynamics: Empirical Patterns and Predictive Modeling*

Handong Global University Pohang, KR
B.S. in Artificial Intelligence, Computer Science and Engineering Feb 2017 – Aug 2023

- School of Computer Science and Electrical Engineering (CSEE), ABEEK-accredited program
- Advisor: Prof. Sungbae Jo

Presbyterian Pan American School Texas, US Sep 2015 – Jun 2016

Neuqua Valley High School Illinois, US Sep 2012 – Aug 2015

Research Interests

I am interested in uncovering economic and behavioral patterns in large, noisy real-world data, and in what data-driven models can reliably infer from it. My master's thesis studied growth, stability, and decline among about 59,000 Seoul food-service businesses using a weekly card-transaction panel, combining time-series clustering, interpretable machine learning, and forward-valid evaluation. In collaborative work, I study the reliability of large language models in economic and scientific reasoning. I am also interested in interpretable machine-learning systems that use large language models to help explain complex temporal structures.

Patent

Method and system for solving non-face-to-face problem situations using real-time video drawing
"실시간 영상 드로잉을 이용한 비대면 문제상황 해결 방법 및 시스템"
Application No. 10-2022-0132253

Work Experience

Bae, Kim & Lee LLC
Aug 2026 – Present

Data Scientist, Center for Economics and Data Analytics (CEDA)
법무법인(유한) 태평양 경제·데이터 분석센터

- Empirical analysis, statistical modeling, and reproducible data processing for competition-economics work
- AI-assisted research and document-automation workflows for professional review
- CEDA: expansion of the firm's Law & Economics Center with data-science researchers (Chosun Biz, Nov 2026)

CREAiVITY Centroid Investment Partners
Aug 2024 – Apr 2025

Enterprise LLM Development

- Supported data collection and preprocessing, prototype implementation, testing, and quality evaluation
- Projects: on-premise manufacturing LLM 'MLLM'; internal LLM applications for private-equity workflows

SolidENG
Jun 2024 – Aug 2024

Research Intern, KAIST Student Research Intern Program

- Multimodal LLM storybook service 'Your Place': child-psychology-based storybook generation
- User research with ~50 kindergarten children and ~10 teachers
- Joined the 2024 KDB Startup Program with 'Your Place'

Young Lim Won Soft Lab
Nov 2023 – Feb 2024

Business Strategy Manager / Software Developer

- Low-code platform 'Flextudio': business development, digital marketing, and web application development
- Contributed to 20+ new B2B contracts; marketing content with 50,000+ views
- Planned and developed 3 web apps: Look At My Scratch, PlanTodo, Good Circle

2022 – 2024

Founder & CEO

- Led LightQ (2021 – 2023), a real-time remote-assistance app, from customer discovery to Android and iOS launch
- Interviewed 100 customers and used the findings to redesign feature priorities and the UI flow
- Managed the related real-time video-drawing patent application (see Patent)

Software Factory
2022 – 2023

Mobile App Development Mentor

- Winter Mobile App Development Camp at CNU

36th Division Military Band, Republic of Korea Army
2018 – 2020

Staff Sergeant, Woodwind Instrument Conductor
36사단 군악대 목관악기 연주관(하사)

Projects

LitTOON
Oct 2024 – Jul 2025

Mobile App Developer / Business Developer

- Developed LitTOON (Android/iOS), a short-form webtoon platform for stories told in 10 panels or fewer

Celping
Oct 2024 – Apr 2025

Mobile App Developer / Business Developer

- Developed Celping (Android/iOS), a remote-assistance service for sharing knowledge and information (Instagram)

Web projects

Q2Cut Web-based — 2024
Automated video editing and short-form content creation service

Good Circle Web app — Feb 2024
Mini-game about drawing a perfect circle

PlanTodo Web app — Jan 2024
Dotted-design to-do planner

Look At My Scratch Web app open the app — Dec 2023
Anonymous writing and messaging web app
